CONSTITUTION AND BYLAWS

INTRODUCTION TO THE BDFPA

The British Drug-Free Powerlifting Association was formed in 1989 with the express purpose of providing an alternative national platform for **drug-free** competition. In this connection all BDFPA events and activities take place against the background of the Association's total and unequivocal commitment to a policy of rigorous drug control.

The BDFPA (*British Drug Free Powerlifting Association*) is affiliated to the WDFPF (*World Drug-Free Powerlifting Federation*), and is the only UK Powerlifting organisation recognised by the international body.

The registered office of the Association is to be sited in England.

THE AIMS OF THE ASSOCIATION

1. To promote and encourage the art and science of Powerlifting as a means to the acquisition or improvement of physical health and development, and as a form of competitive sport.
2. To actively discourage and outlaw the use of drugs as an aid to competitive performance or as an aid to physical development or performance.
3. To promote Powerlifting competitions of all description and make awards as are customary in amateur sport for such competitions. To draw up rules (By-Laws) governing the performance of Powerlifting.
4. To train and instruct referees for Powerlifting competitions. To award diplomas and certificates to certify the proficiency of such referees and to maintain a register of such referees.
5. To train and instruct teachers, instructors and coaches in Powerlifting and weightlifting for physical training and competition in conjunction with external training providers as required meeting current regulations and legal criteria of the day.
6. To conduct courses and classes of instruction in Powerlifting and all forms of weight training and to print, publish, issue and circulate such papers, periodicals, books, circulars and other literary undertakings for these or any other purposes as may seem conducive to any of the aims of the Association.
7. To purchase, manufacture, sell and otherwise deal in apparatus and appliances required for or suitable for use with the practice of weight lifting of every description.
8. The BDFPA's emblem and seal shall have inscribed thereon the name of the Association and shall be in any form as may be approved from time to time by the National Council.

THE NATIONAL COUNCIL

1. The BDFPA shall be managed by a democratically elected body of officers and divisional representatives.
2. The managing body shall be known as the National Council.
3. The National Council shall consist of one representative from each Division and the following officers: *President, General Secretary, Treasurer, Championship Secretary, Coaching Secretary, Technical Secretary, Drug Control Secretary, Membership Registrar, British Records Registrar, Services' Liaison Officer, Internet Webmaster & Events coordinator (NC Ballot 61)*. More than one position may be held by the same person, but that person may only cast one vote.

The aforementioned officers will constitute the BDFPA Executive, and additional positions may be added subject to a majority vote by the National Council (1997 AGM).

THE ANNUAL GENERAL MEETINGS AND NATIONAL COUNCIL MEETINGS

1. For the purpose of conducting business at National Council meetings, a quorum shall consist of a majority of its elected officers.
2. All business will be conducted according to Robert's Rules of Order except where otherwise specified by this Constitution.
3. Together with the AGM the National Council has a duty to meet no less than twice every year.
4. Ideally the AGM should be held during the first three months of the year and must be advertised at least 21 days prior to the meeting via suitable means in order to inform the members of the BDFPA.
5. Special meetings of the National Council for any purpose may be called by the President (or a majority of the Executive Officers) upon notice of such time and place as may be stated in the notice. At least ten days notice shall be given prior to a special meeting, and such notice shall specify the purpose of the meeting. Where a majority of Executive Officers so agree, voting procedures may be by postal ballot. This may pertain to any issue, including the removal or election of Executive Officers. Where deemed appropriate, these procedures may include the use of Electronic Mail.
6. Items for discussion &/or voting by the National Council - either at an actual meeting or by E-Mail/postal ballot - shall be submitted to the President or General Secretary to be included on the agenda in the following ways: (a) via Divisional AGM's/other divisional meetings, if such matters relate to policy changes, alterations to the Association's rules or Constitution or (b) directly via divisional representatives, if such matters are strictly of a managerial nature. (NC Ballot - July 2002).
7. There shall be such other meetings of the National Council as are deemed necessary to conduct the day to day business of the BDFPA, and to hear any appeals by members who have been subject to disciplinary procedures. The date, time and place of such meetings will be decided by the President in consultation with members of the National Council by mail, telephone or meeting, and advertised by the BDFPA at least 21 days prior to such a meeting. The National Council has the authority to open

all meetings by a majority vote of council members present, to any BDFPA member who, with the prior approval of the President, shall have voice during the Council Meeting but without the right to vote.

8. The President will act as Chairman at the AGM and National Council Meetings and will hold the casting vote only, on all matters to be decided. In the absence of the President the National Council may elect anyone present to take the chair, and such a person will have the casting vote only. Similarly in the absence of the General Secretary, the National Council may elect a person to act as Secretary for the duration of the meeting.
9. Only current BDFPA members may vote at a BDFPA meeting. Non-members may only attend BDFPA meetings with the prior consent of the President or chairman of such a meeting.
10. Any officer who ceases to be a member of the Association must tender his or her resignation.
11. The order of business at Annual General Meetings will be as follows:-
 - a. Roll Call
 - b. Apologies for Absence

 - d. Reports of Officers, Boards & Standing Committees (permanently established)
 - e. Reports of Special (Select or Ad Hoc) Committees (committees appointed to exist only until they have completed a specific task)
 - f. Special Orders (matters that have previously been assigned a type of special priority)
 - g. Unfinished business and General Orders (matters previously introduced which have come over from the preceding meeting)
 - h. New Business (matters initiated in the present meeting)
 - i. Election of Officers
 - j. Any Other Business
12. All BDFPA members are entitled to attend the AGM but only elected members and Divisional representatives may vote. Non-voting members may only contribute to the meeting with the Chairman's permission.
13. A Divisional representative may appoint a nominee if he/she is unable to attend a scheduled meeting of the National Council. The nominee should have written authority from the Divisional representative. (NC Ballot - July 2002).
14. Propositions to National Council or the AGM must be received by the General Secretary, at least 28 days prior to National Council meetings. Propositions received later than the 28 days will only be accepted at the Chairman's discretion.
15. The legal status of the BDFPA will be a Company Limited by Guarantee from 2017 onwards (NC Ballot 63).

CHANGE OF CONSTITUTION OR RULES

1. Alteration to the BDFPA Constitution may only be made at the AGM or at a special meeting called for that purpose.
2. Any change in the Constitution or amendment to rules will take effect 14 days after publication by the BDFPA.

NATIONAL COUNCIL OFFICERS AND DIVISIONAL REPRESENTATIVES

1. All officers with the exception of the President, will be appointed annually at the AGM. Nominations will be received from those present at the meeting.
2. The President shall be appointed for a term of office not exceeding three years.
3. The President may be appointed for successive terms of office.
4. The President may only be relieved of his or her position at a meeting by a voting ballot of no confidence, instigated in the light of extenuating circumstances. Under such circumstances the President will stand down from the Chair and his or her place will be taken by an officer elected by those present and entitled to vote, for the duration of the meeting.
5. The National Council is a self disciplining body. Where a duly appointed National Council member contravenes the disciplinary rules or code of conduct of the BDFPA or patently fails to meet obligations of his or her terms of reference, the President may instigate voting procedures within the National Council to facilitate his or her removal from that body.
6. There shall be no established order of succession to any office. Should any National officer cease, for any reason, to hold office, The President or National Council shall call a meeting and a successor shall be chosen to serve until the next AGM.
7. Any member of the National Council may resign at any time by giving notice in writing to the National Council, the President or General Secretary. Should any Divisional representative cease to hold office for any reason, the President or National Council may appoint a replacement to represent the Division until the Divisional AGM.
8. Divisional representatives may be selected by majority vote at Divisional AGMs. Should a Divisional representative be unable to attend a National Council Meeting, he/she may delegate his/her vote to a member of his or her choice. The President must be notified of such a delegation in writing or by telephone, prior to the National Council Meeting. If there is no Divisional Committee the President may appoint a representative from such a Division (see BDFPA Divisions and Leagues).

SUB COMMITTEES

1. The National Council may appoint sub-committees whose members need not be members of the National Council. Members of these committees may be invited to attend the National Council meetings to tender expert advice in a non-voting capacity.
2. The Drug Control Secretary also retains the right to appoint a sub-committee, and may enlist the involvement of clinical and other specialists in the field - who are not members of the Association - to serve as associate or advisory members of said sub-committee, provided that the appointment of these persons is with the express approval of the BDFPA National Council. Such persons may not exercise any voting rights on a Drug Control sub-committee, but may act in an advisory capacity only. The sub-committee will make recommendations on matters of policy to the BDFPA National Council where appropriate, via the National Drug Control Secretary (1996 AGM).

EXPENSES

1. The BDFPA does, wherever possible, undertake to repay expenses for duties carried out on behalf of the Association. This will remain extant as long as it is financially viable to do so. Expenses over an agreed amount will only be paid on original invoices (1998 AGM).

3. No BDFPA Officer or member may undertake to take over or meet financial obligations that are not of the Association's making or knowledge.

Any monies paid will not be returned to the applicant.
3. The BDFPA will attempt to provide a newsletter free with the membership but may, if the National Council sees fit to do so, make a charge for such a newsletter and vary the charge as and when it sees fit to do so. The BDFPA will make a charge to non-members for the newsletter. Where a hard copy article is in production a photocopy of the BDFPA magazine or newsletter will be sent to the President for vetting, prior to printing (1994 AGM).
4. With the exception of the Master of Ceremonies, Recorder, Timekeeper, Marshals and loaders, only BDFPA members may compete in or officiate at BDFPA proceedings.
5. Persons who are accepted as members will be issued with a membership number as a receipt for monies paid.
6. To enable out of competition drug testing to be done at short notice, any member who changes his or her address, must notify the Drug Control Secretary and National Membership Secretary prior to such a change of address. If the date of the change is doubtful, an emergency telephone number should be supplied. (NB Failure to comply with these requirements could result in sanctions against the member concerned).
7. All members are expected to abide by the rules and regulations of the BDFPA and any failure to do so, including behaviour which would render a person ineligible for membership, will result in that member being subject to disciplinary procedures. This includes anti-social behaviour or any behaviour which may be considered to be obstructive or detrimental to either the smooth running or image of the BDFPA.

DISCIPLINARY PROCEDURES

1. The BDFPA Disciplinary Committee shall consist of two Executive Officers, plus one divisional representative from a different division to the person facing charges. In the event of an Appeal to a second Disciplinary Committee, this shall consist of two Executive Officers other than the original two, and one divisional representative from a different area and also different from the original one. In the absence of the President, a chairperson may be proposed and elected by the remainder of the members of the Disciplinary Committee (1996 AGM).
2. Any complaint regarding undisciplined anti-social behavior likely to bring the BDFPA into disrepute will, in the first instance, be brought to the attention of the President, whose prerogative it is to decide whether the offence is of a nature to warrant a Warning of Conduct and to request a written letter of apology from the offender. If a satisfactory letter of apology is forthcoming, the matter is ended. If no letter of apology is forthcoming within 14 days of the request being received by Registered Letter, or if the apology is deemed to be unsatisfactory, the President shall consult all available members of the Executive Council to determine whether or not it is the majority view that the subject of the complaint warrants further disciplinary action (1996 AGM). Where such action is considered by a majority of National Council members to be appropriate, the President may instruct the Disciplinary Committee to convene to consider the matter and take whatever steps it deems necessary. In the event of a tied vote, the President shall make the decision whether or not to proceed with further disciplinary action. For procedures following notification of a positive test by drug control agencies, see '*Drug Control Procedures*'.
3. The BDFPA Disciplinary Committee shall consist of two members of the National Council, plus one divisional representative from a different division to the person facing charges. In the event of an appeal the second Disciplinary Committee shall consist of two Executive Council members other than the original two, and one divisional representative from a different area and also different from the original one. In the absence of the President, a chairman may be proposed and elected by the remainder of the members of the Disciplinary Committee (1996 AGM).
4. The Disciplinary Committee shall discuss the known facts and details, and consider the implications. It shall be empowered to suspend for a period not exceeding one year, any member found guilty of behavior which is not considered consistent with that required under the BDFPA Constitution. It is also empowered to ban for any period up to life, any member who commits a serious offence according to the BDFPA Constitution.
5. A suspended or banned member may be excluded from dressing rooms, warming-up areas and platform areas.
6. A suspended member remains within the body of the Association, but his or her involvement is deemed to be in limbo and he/she may not compete, referee or act in any official BDFPA capacity. A suspended or banned member may help or coach other lifters on a personal basis, but may only do so in official BDFPA warm up or lifting areas with the permission of the Technical Officer for the event. The behavior of any member suspended from BDFPA activities will be assessed and if not considered in keeping with the rules regarding acceptability for membership, he/she may be subject to further disciplinary procedures or

refusal of membership at renewal date. A suspended member may attend all BDFPA competitions as a spectator and his or her activities within his or her own club or training environment are not subject to the BDFPA's jurisdiction.

7. The Disciplinary Committee Secretary shall inform the General Secretary of all decisions. The BDFPA National Council shall be informed by the General Secretary of all decisions of a disciplinary nature. Members of a Disciplinary Committee may convene at a specified location and at a specified date. (Such a meeting must be convened if specifically requested by a member accused of an offence). Alternatively, Disciplinary Committees may convene by other means of communication, such as electronic mail. Prior to a Disciplinary Committee convening, a member accused of an offence shall be required to either appear before that body or to submit their case in writing, having been given at least 14 days notice by Registered letter sent to the last known address. Failure on the part of the member to attend the hearing or submit their case in writing will not prejudice the Committee's deliberations and the matter will be considered in the absence of the member or the member's letter. If the member chooses to defend his/her actions by letter, this should be forwarded to the Disciplinary Committee Secretary, to arrive before the date of the hearing, or the start of the Committee's deliberations if by other means. If at a meeting, the member may choose to conduct his/her defence or be represented in his/her absence or presence, or to have with him/her a friend for moral support.
8. A member thus suspended by the Disciplinary Committee shall be informed by the General Secretary by registered letter of his/her right to appeal.
9. For subsequent action see '*Rights of Appeal*'.
10. All decisions of a disciplinary nature (but not letters of apology) shall be published in the "Official Notes" of the newsletter.
11. It must be noted and emphasised that, where a member is suspended or expelled from the BDFPA, this will in no way prejudice his affairs or dealing with the club or institution with which he/she may be connected by membership or ownership. Nor shall the BDFPA, by deed or implication, presume upon a suspended or expelled member's continued membership of his/her registered club or institution. However, where a suspended member's club or institution is promoting BDFPA proceedings, that same suspended or expelled BDFPA member may not enter into, take part in nor assist in any ancillary capacity in those same BDFPA proceedings (see paragraph 5).
12. A suspended or expelled member is free to comment upon or criticise any aspect of the BDFPA, his/her suspension or expulsion proceedings, the BDFPA members, the BDFPA officers - subject to and pursuant upon the constraints of good taste, decorum and the Laws of the Land. The suspended or expelled BDFPA member may not use the pages of the BDFPA newsletter to argue the rights and merits of his/her case.
13. The BDFPA and its Officers shall not harangue, criticise nor defame a suspended or expelled member by public pronouncement or writings. Public pronouncement will only state the members punishment and for what reason. BDFPA Officials involved in disciplinary proceedings shall not publicly speculate further nor elaborate upon decisions made under their aegis.

RIGHTS OF APPEAL

1. Any member feeling aggrieved by the decisions or actions of the Disciplinary Committee, may appeal either to a second Disciplinary (Appeals) Committee (such a committee must be convened if specifically requested by the member concerned), or direct to the full National Council of the BDFPA – by lodging a letter of appeal with the General Secretary, not more than 14 days after notification of disciplinary action. The written appeal must be accompanied by a pledge of £20 which will be returned to the Appellant if the appeal is upheld and not considered to be of a frivolous nature. If no letter of appeal is received within 14 days of notification of disciplinary action, the decision of the Disciplinary Committee will be considered final and irrevocable.
2. The forwarding of an appeal letter and pledge does not confer any rights on the Appellant and he/she is deemed suspended from all BDFPA activities from the date of receiving notification of suspension or expulsion, until such time as his/her appeal is heard.
3. The second Disciplinary (Appeals) Committee or the National Council, are obliged to respond to the Appellant's grievance within 28 days of receiving his/her letter and financial pledge. If the Appellant has chosen to appeal to a second Disciplinary (Appeals) Committee, and if a specific meeting is to be convened, he/she shall be granted at least 14 days' notice of the precise date, time and venue of the hearing. The General Secretary shall discharge these details by Registered Letter. The BDFPA President will decide on the hearing date, time and venue. If the Appellant has chosen to appeal direct to the whole National Council, there will not normally be any meeting scheduled, but the Council will convene and deliberate by other means (such as electronic mail) to arrive at its decision.
4. The second Disciplinary (Appeals) Committee or the National Council, shall hear all the facts and evidence during which the Appellant is permitted to act as advocate in his/her own defence - or he/she may appoint any person to plead his/her defence on his/her behalf.
5. The decision of the second Disciplinary (Appeals) Committee or the National Council on Appeals shall be final and binding. The President shall instruct the National Council to act on the findings of the appeal and then instruct the General Secretary to inform the Appellant of the findings by Registered Letter.

DRUG CONTROL POLICY

The BDFPA is a governing body unequivocally committed to drug-free sport in general, and to drug-free powerlifting in particular. Accordingly, it is expected that all members, lifters and officials share these convictions, and that their total support for, and co-operation with, the drug control and testing policies of the Association can be relied upon.

DRUG ABUSE

1. Drug abuse is strictly forbidden and the BDFPA will ban for life any member found guilty of drug abuse, subject to a right of appeal as set out in the disciplinary rules.
2. Drug abuse is the use by, or distribution to, a sportsman or sportswoman (the competitor) of any substance defined as banned by the BDFPA (see paragraph 6). The identification of a substance and/or metabolites of a doping class in a competitor's urine or other sample will constitute an offence. Evidence of blood doping, pharmacological, chemical or physical manipulation may also be considered an offence which may be penalised.
3. Any member or potential member must, at any time if requested by the BDFPA Drug Control Secretary or other designated official, submit to a drug test at a moment's notice. Refusal to do so or indulging in any behavior considered by the Disciplinary Committee to be obstructive or lacking in co-operation prior to, during or following the giving of a urine sample or any other form of drug testing, will be considered a positive test. The BDFPA membership form which must be completed and signed by all members, includes a drug covenant clearly stating that a member agrees to do everything in his or her power to enhance and ease the practical aspects of the testing procedure. As such, a member's responsibility to co-operate does not start and end with the giving of a urine sample.
4. Any member found guilty of advising athletes or lifters on how to abuse drugs will be banned for life.
5. If, on analysis by a reputable body, a urine sample is found to contain a substance banned by the BDFPA, or indicates the use of any agent which the BDFPA considers as constituting drug abuse, this will be regarded as a positive test and is grounds for a life ban. Under exceptional circumstances the taking of a banned drug may be considered by the Disciplinary Committee or National Council, following an appeal, not to constitute drug abuse.
6. Banned substances are as detailed on the International Olympic Committee (IOC)/WDFPF list of banned substances, contained in the BDFPA Handbook (see Contents Page). The BDFPA reserves the right to add to or subtract from this list any substance which it feels is relevant or irrelevant to what constitutes drug abuse. The BDFPA will notify the Sports Council Doping Control Unit of any such alterations.
7. In the case of out-of-competition drug testing, the Disciplinary Committee will decide what drugs or what dosage of any given drug, constitutes drug abuse, in consultation with an official IOC accredited drug control body. Similarly the Disciplinary Committee may decide that following an in or out-of-competition drug test, the taking of what may be considered an excessive amount of a non-banned substance, constitutes drug abuse.

8. It is incumbent on all BDFPA members to check with the BDFPA Drug Control Secretary, The WADA Prohibited List, UKAD or GLOBADROL whether any substance they may wish to ingest, is on the banned list. The use of products which can be legally purchased may in some cases, still lead to drug test failures (positive test results). Similarly, certain commercially available products described as 'nutritional supplements' may contain banned substances. Commercially available products are not exempt from the WDFPF list of banned substances (NC Ballot - July 2002). Members are considered personally responsible for ensuring that any medications or nutritional supplements which they use do not contain substances banned by the WDFPF and BDFPA. As a general rule, a claim by a member failing a drug test that he/she did not know that they had ingested a banned substance - will not be regarded as a valid defence. Ignorance of what constitutes a banned substance will not normally be considered grounds for an appeal against a ban for a positive drug test.
9. A list of suggested alternative medications (which do not contain banned substances) is maintained by GLOBADROL.
10. Any lifter, official or coach found guilty of drug abuse and banned for life, will have all records, titles and performances removed retrospectively.
11. All diabetics must inform the Drug Control Secretary of their condition so the BDFPA can test for insulin abuse. If a positive test for insulin is then recorded and the member has not informed the Drug Control Secretary, that member may be banned from the BDFPA for life. The BDFPA may also test for stimulants (1998 AGM).

DRUG CONTROL PROCEDURES

1. Drug testing shall be by urinalysis or any other method approved by the BDFPA, and wherever appropriate shall be conducted according to WDFPF rules and procedure.
2. Drug testing **in competitions** will be conducted as required. The testing of a minimum of 10% of the total number of competitors is mandatory at National or International competitions staged by the BDFPA (NC Ballot - July 2002).
3. Drug testing **out of competition** will be conducted wherever and whenever this is considered necessary, and normally without any prior warning or notice to the individual concerned. Out of competition tests conducted at divisional level will be by arrangement with the Drug Control Secretary.
4. The BDFPA reserves the right to conduct as many tests - in or out of competition - on any particular individual - as it sees fit.

5. The Association may choose either to take into account - or to ignore - a member's drug testing history in other organisations.
6. **Negative Test.** Subsequent to negative test results, the President will be notified in the first instance. The Newsletter Editor will then be notified so that the result may be published at the earliest opportunity.
7. **Positive Test.** Following notification of a positive test the Drug Control Secretary will notify the President, who will instruct the General Secretary to notify the person concerned, by registered letter to his or her last known address, that a banned substance has been found in the "A" sample - and provide copies of laboratory data.
8. The competitor should be invited to provide an explanation of the findings and should also be advised of his/her right to have the "B" sample analysed and of his/her right to attend or be represented at this analysis. At this stage the competitor will also be advised of a disciplinary hearing (which must take place not less than 14 days after receipt of this letter), and of his/her rights of defence (see 'Disciplinary Procedures' - no. 7).
9. Members of the Disciplinary Committee may convene a hearing at a specified location and at a specified date. (Such a meeting must be convened if specifically requested by the competitor). Alternatively, the Disciplinary Committee may convene to consider the case by other means of communication, such as electronic mail.
10. Analysis of the "B" sample should normally take place within 7 days of notification of a positive "A" sample. The competitor will also be notified that a positive "A" sample renders a competitor suspended from BDFPA activities from the date of notification to the date of the Disciplinary Hearing. If "B" sample analysis is requested to confirm the "A" sample finding, arrangements for sample analysis should be made by the Drug Control Secretary with the relevant drug control agency. If analysis of the "B" sample is not requested it will be assumed that the competitor accepts the result of the "A" sample analysis and he/she will be judged accordingly.
11. The Disciplinary Committee shall convene to decide whether the result of the drug tests or tests, constitutes drug abuse and the General Secretary will be informed of their conclusions. If the Disciplinary Committee decide that the competitor is guilty of drug abuse, the General Secretary will inform the competitor by registered letter to the last known address that his/her membership is suspended for the remainder of the current year and that from then on a life ban is imposed. The competitor will also be informed of his/her right to appeal (see Appeal Procedures).
12. The results of a positive drug test and penalties imposed by the Disciplinary Committee shall be published in the BDFPA Drugs Test page of the website at the earliest possible opportunity. Similarly the result of appeals will also be published at the earliest possible opportunity.

PENALTIES

1. Any member found guilty of drug abuse as detailed in the previous sections, shall receive a life ban from the BDFPA subject to the aforementioned procedures and rights of appeal.
2. The BDFPA regards Beta Blockers as acceptable medication. Positive Ephedrine results will not necessarily be regarded as drug abuse carrying an automatic lifetime ban. The Disciplinary Committee will decide the penalty subject to the following criteria:
 - a. Up to 10ppm will result in a warning.
 - b. Over 10ppm will result in a two year ban (and the removal of any title, placing and records set, if the result of an In Competition Test).
 - c. A second positive Ephedrine test will result in a lifetime ban from all BDFPA involvement.
3. Under exceptional circumstances, a positive test for any substance on the BDFPA/WDFPF Banned List may not be regarded as drug abuse, subject to the Disciplinary Committee's decision.

DRUG CONTROL SECRETARY

1. The Drug Control Secretary is responsible to the National Council for the implementation of the BDFPA drug control and testing policy.
2. The Drug Control Secretary shall initiate all the testing procedures except where Divisional Sampling Officers, Government or other BDFPA approved agencies are in control. In this case the Drug Control Secretary will act as a liaison officer between such agencies and the BDFPA.
3. The Drug Control Secretary or an official designated by the Drug Control Secretary will ensure that everything possible is done to facilitate the sampling procedures. The Drug Control Secretary or an official appointed by the Drug Control Secretary, may carry out the urine sampling procedures but may not take samples from his/her own club members or members of his/her immediate family.
4. Other duties of the Drug Control Secretary include:
 - a. Obtaining drug testing kits and documentation for use as necessary.
 - b. Receiving all drug test results and related documentation.
 - c. Notification of drug test results to the President.
 - d. Where possible, the conduct &/or supervision of drug testing in national competition or at international events staged in the UK.
 - e. Registration and training of Divisional Sampling Officers.
 - f. Making such policy recommendations to the National Council as are appropriate in the light of updated knowledge and information on drug-related issues.
 - g. Liaising with approved laboratories as required.
 - h. Any relevant international contact on drug-related issues.

THERAPEUTIC USE EXEMPTIONS (TUEs)

If any BDFPA members have illnesses or conditions that require them to take particular medications that fall under the Prohibited List, a Therapeutic Use Exemption may give that member the authorisation to take the needed medicine. The World Anti-Doping Agency (WADA) has issued an International Standard for the granting of Therapeutic Use Exemptions. The criteria for granting TUEs are:

1. The athlete would experience significant health problems without taking the prohibited substance or method.
2. The therapeutic use of the substance would not produce significant enhancement of performance.
3. There is no reasonable therapeutic alternative to the use of the otherwise prohibited substance or method.

Any member wishing to apply for a TUE should contact the BDFPA Drug Control Secretary or President in the first instance.

Full details regarding the TUE scheme can be found on the WADA internet website www.wada-ama.org or UKAD (information only, all TUE's are submitted to the BDFPA President)

IOC/WDFPF LIST OF BANNED SUBSTANCES

A full list can also be viewed on the WADA internet website www.wada-ama.org.

Prohibited Classes of Substances and Prohibited Methods

Doping contravenes the ethics of both sport and medical science. Doping consists of:

1. The administration of substances belonging to prohibited classes of pharmacological agents, and/or.
2. The use of various prohibited methods.

The WDFPF regards Beta Blockers as acceptable medication.

ARTICLE I: PROHIBITED CLASSES OF SUBSTANCES

Prohibited substances fall into the following classes of substances:

- A. Stimulants
- B. Narcotics
- C. Anabolic Agents
- D. Diuretics
- E. Peptide and glycoprotein hormones and analogues

ARTICLE II: PROHIBITED METHODS

The following procedures are prohibited:

A. Blood doping

Blood doping is the administration of blood, red blood cells and related blood products to an athlete. This procedure may be preceded by withdrawal of blood from the athlete who continues to train in this blood depleted state.

B. Pharmaceutical, chemical and physical manipulation

Pharmaceutical, chemical and physical manipulation is the use of substances

and of methods which alter, attempt to alter or may reasonably be expected to alter the integrity and validity of urine samples used in doping controls, including, without limitation, catheterisation, urine substitution and or tampering, inhibition of renal excretion such as by probenecid and related compounds and epitosterone application.

The success or failure of the use of a prohibited substance or method is not material. It is sufficient that the said substance or procedure was used or attempted for the infraction to be considered as consummated.

ARTICLE III: CLASSES OF DRUGS SUBJECT TO CERTAIN RESTRICTIONS

A. Alcohol

In agreement with the International Sports Federations and the responsible authorities, tests may be conducted for ethanol. The results may lead to sanctions.

B. Marijuana

In agreement with the International Sports Federations and the responsible authorities, tests may be conducted for cannabinoids (eg Marijuana, Hashish). The results may lead to sanctions.

C. Local Anaesthetics

Injectable local anaesthetics are permitted under the following conditions:

- a. That bupivacaine, lidocaine, mepivacaine, procaine, etc are used but not cocaine. Vasoconstrictor agents (eg adrenaline) may be used in conjunction with local anaesthetics.
- b. Only local or intra-articular injections may be administered.
- c. Only when medically justified (eg the details including diagnosis) dose and route of administration must be submitted prior to the competition or immediately, if administered during the competition, in writing to the relevant medical authority.

D. Corticosteroids

The use of corticosteroids is banned except:

- a. For topical use (aural, dermatological and ophthalmological) but not rectal.
- b. By inhalation.
- c. By intra-articular or local injection.

The WDFPF regards Beta Blockers as acceptable medication.

The IOC Medical Commission has introduced mandatory reporting of athletes requiring corticosteroids by inhalation during competitions. Any team doctor wishing to administer corticosteroids by local or intra-articular injection, or by inhalation, to a competitor must give written notification prior to the competition to the relevant medical authority.

ARTICLE IV:

Except as specifically otherwise provided in the IOC Medical Code, the detected presence of any amount of substances in classes (A), (B), (C), (D) and (E) in respect of a test conducted in connection with a competition shall constitute a definitive case of doping. The quantity of the substance detected is not material to a definitive case of doping.

ARTICLE V:

The detected presence of ephedrine, pseudoephedrine, phenylpropanolamine and cathine in respect of a test conducted in connection with a competition shall constitute a prima facie case of doping. The person affected shall have the opportunity to rebut the presumption of doping by providing evidence that the substance was present under circumstances which, on a balance of probabilities, including the quantity of substance detected, would support a conclusion that doping was neither intended, nor the result of gross negligence, wilful negligence nor imprudence. In all cases, the onus of rebutting the presumption of doping, when the substance has been detected, shall rest with the person affected.

NB Positive Ephedrine results will not necessarily be regarded as drug abuse carrying an automatic lifetime ban, unless a second failure for the same. The WDFPF World Committee will decide the penalty subject to the following criteria:

1. Up to 10ppm will result in a warning.
2. Over 10ppm will result in a two year ban (and the removal of any title, placing and records set, if the result of an *In Competition* Test).

ARTICLE VI:

Out-of-competition testing is directed solely at prohibited substances in Article I (A), (C), (D) and (E). The only positive results for purposes of out-of-competition testing and the application of the IOC Medical Code will be in respect of such classes of prohibited substances and pharmacological, chemical and physical manipulation (Article II (B)).

NB These boundaries are subject to change should the National Council deem it necessary. The Association may from time to time create or disband divisional associations, or re-define divisional boundaries at its discretion.

Members who are unclear as to the division in which they reside should contact a member of the BDFPA Executive for clarification.

1. Where possible each Division shall be constituted and its affairs carried out in accordance with By-Laws in that behalf to be made by the National Council, and shall have such powers and duties as the National Council may from time to time think fit.
2. A Divisional Council may be elected by members residing in the territorial area of such Division. The method of election and the respective number of the divisional councillors shall from time to time be laid down by the National Council.
3. The National Council may at any time form, reconstruct or disband any divisional Council, and either call a General Meeting of the division to elect a new Divisional Council or nominate such members from members of the Division as they deem sufficient, to act as the new Divisional Council.
4. Members who change their residential address from one Divisional area to another may only vote at one Divisional AGM per year.
5. A Divisional Council may make Divisional By-Laws for the management of divisional business provided that such By-Laws shall not override,

contravene or be inconsistent with any Article, By-Law, Standing Order or Rule governing performance of the Association. The National Council shall have the power at any time to vary or rescind any Divisional By-Laws.

6. The point at which divisional affairs cease to be administered by an appointed 'divisional representative' and are administered by a Divisional Council - and subject to the consultation of divisional members - shall be determined by the BDFPA Executive Council (1996 AGM).
7. No Division or Divisional Council shall have any power to pledge the credit of the Association, not incur any liability whatsoever on behalf of, or in the name of the Association without the consent in writing of the National Council first having been obtained.
8. Divisional Representatives to National Council: (See 'National Council Officers & Divisional Representatives' - no. 8).
9. Clubs or members may group themselves into a league for the purpose of holding powerlifting matches or competitions and other activities subject to compliance with the Constitution and By-Laws of the Association and approval by the National Council.

THE DIVISIONAL AGM

1. Divisional Associations may hold an Annual General Meeting for the good and benefit of members within its division. Ideally, this shall be held at some time during the three months prior to 31st December every year. All members residing in the territorial area of the Division shall be entitled to attend the General Meeting of that Division. Such meetings must be advertised to all current members within the division, giving at least 30 days' notice, and notification of a provisional agenda.
2. Each member attending shall prove their divisional status and sign the attendance register before entering the meeting.
3. The business to be transacted at a General Meeting of a Division shall be:-
 - a. To receive the Secretary's Report.
 - b. To receive the Membership Registrar's Report.
 - c. To elect Divisional officers, including a Chairman for purposes of conducting the meeting.
 - d. To make recommendations to the Annual Meeting of the National Council to vary or add to the By-Laws, Standing Orders and rules governing performance of the Association.
 - e. To transact any other business.
4. All contested elections shall be by ballot.
5. A quorum for Divisional Meetings will be a majority of the elected officers.
6. Motions approved by simple majority at a Divisional AGM may be submitted to the BDFPA General Secretary for inclusion onto the agenda of the National AGM.

DIVISIONAL OFFICERS

Each Divisional Association may have the following officers:

- i. Divisional Secretary
- ii. Divisional Records Registrar
- iii. Divisional Representative for the BDFPA National Council (Elected by the NC)

In addition, at least one Drug Control (Sampling) Officer must be nominated for the division, and names submitted to the National Drug Control Secretary for approval. Divisional Sampling Officers will be trained by arrangement with the National Drug Control Secretary or the National Executive Council.

DIVISIONAL ASSOCIATIONS - OBJECTIVES AND FUNCTIONS

1. To promote the sport of powerlifting, by organising at least one divisional competition each year. Additionally, other events such as county championships/inter-club leagues etc may be promoted as desired. Divisions are encouraged to regard such local competitions primarily as a means of recruiting new members to the BDFPA, and to give adequate publicity to such events as will ensure good and improving levels of participation.
2. To promote powerlifting and weight training as appropriate in Leisure Centres/Educational Establishments/Youth Clubs etc.
3. To encourage the training of coaches and instructors for this purpose.
4. To recruit divisional referees.
5. To encourage the involvement of members in the administration of their division.
6. Divisional Associations are encouraged to regularly produce and distribute their own bulletin or news-sheet to members in the division.
7. Divisional Associations may, at their own discretion, establish and maintain a bank account for the promotion of divisional activities, providing that no aspect of such arrangements conflicts with the rules and administration of the BDFPA as a whole. If a divisional bank account is set up, a Treasurer must be elected to administer the account, details of which must be made available to members at the Divisional AGM.
8. Divisional Associations may organise any competitive or other activities which do not conflict with the BDFPA Rules or Constitution, and are not held to be against the Association's interests in any way.

DIVISIONAL RECORDS

Divisions may maintain lists of records for all categories of lifting recognised and sanctioned by the BDFPA. The Divisional Association may, at its discretion, issue certificates to those who establish or exceed divisional records.

THE 'HOME COUNTRIES' POLICY

1. For purposes of international competition, the rules of the World Drug-Free Powerlifting Federation permit the separate participation as countries - of England, Scotland, Wales and Northern Ireland. Accordingly, although the latter three regions of the United Kingdom are required to be established and to function as Divisions of the BDFPA in the normal way, they may each seek affiliation to the WDFPF - either as (1) 'national' bodies in their own right, provided this process does not otherwise conflict with their BDFPA divisional status in any way, or (2) under the WDFPF 'single & below minimum' registration process by virtue of their status within the BDFPA.
2. BDFPA divisions operating under the 'Home Countries' policy may apply their own criteria for international team selection. Exceptions to this relate to the Association's general policy of permitting access to national or international competitions - only to lifters with a minimum three months' membership of the BDFPA, and a track record of at least ONE divisional level competition. In addition, lifters must participate in the British Championship in order to be invited to take part in any WDFPF international event. (NC Ballot Sept 2005). Under no circumstances may these criteria be set aside without the express permission of the BDFPA Executive Committee.
3. Divisions operating under this policy must also enforce minimum international standards when selecting their team members for the WDFPF platform.

CHAMPIONSHIPS, COMPETITIONS AND MATCHES

1. All championships, competitions and matches involving Powerlifting will be carried out under the By-Laws (rules and regulations concerning the sport of powerlifting) of the BDFPA.
2. No championship, competition or match will be planned or executed without the permission of the BDFPA Championships Secretary. A permit for any sanctioned event, including competitions on combined or individual lifts, must be obtained from the Championship Secretary. (NB Bids to organise British or WDFPF International Championships do not require a permit, but must be approved by a majority vote of the BDFPA National Council).
3. Competitors at all BDFPA events must produce proof of membership at the scales prior to being weighed in.
4. In all BDFPA powerlifting or single event competitions, all participants are designated in the 'OPEN' section, as well as 'age group' performances and records being recognised (NC Ballot Aug 2004).
5. The British Single Lift Championships are part of the BDFPA calendar, but should not be held in a period coinciding with other major competitions (1997 AGM).

INTERNATIONAL COMPETITIONS AND MATCHES

1. The National Council may align itself to any International Powerlifting organisation that it feels is compatible with the aims of the BDFPA, and will seek to ensure that the BDFPA's Rules and Regulations governing the sport of Powerlifting are kept the same as the rules governing Powerlifting performance in such an international body. The BDFPA, through its National Council, retains the right to withdraw from any international organisation which it is felt no longer performs in a manner compatible with the aims of the BDFPA.
2. The National Council does, however, retain the right to apply its own rules and regulations to competitive powerlifting at any level even if not consistent with international rules and regulations.
3. No member may compete in, organise or take part in any international competition without prior permission from the BDFPA Championships Secretary or the National Council.
4. Priority selection for the England team will be the highest placed available lifters in each weight class at the preceding British Championships. It is recommended that teams from Scotland, Wales and N. Ireland adopt the same procedures (1997 AGM) - See 'Selection and Qualification of Lifters'

MEDIA PUBLICITY

1. Only members of the BDFPA National Council may make public statements of policy via the press, television, radio or the internet. Public statements made by members who are not National Council Officials, are considered to be personal opinions and the BDFPA will not be held responsible for any legal repercussions resulting from such statements.
2. Members who make public statements which could in any way bring the BDFPA into disrepute will be liable to disciplinary action by the National Council.

DISTRIBUTION OF ASSETS UPON DISSOLUTION

In the event this Association dissolves and its assets are liquidated, after paying necessary winding up expenses, the remaining assets shall be distributed as determined by the National Council at that time.

QUALIFICATION OF LIFTERS

All lifters participating in sanctioned events must be current members in good standing of the Association. The following levels and criteria apply:-

DIVISIONAL Championships (including special events such as memorials and 4 Nations) - current BDFPA membership. Lifters participating in a divisional championship should be registered as a member within that division, at the date of the event in which they compete - unless otherwise exempted under BDFPA rules. There are no qualification criteria for Divisional events

NATIONAL - current BDFPA membership. (For new members – minimum 3 months and participation in a qualifying event under BDFPA rules, non-new members participation at a qualifying event). **The only exception to the 3 month membership rule is where the Nationals fall within 3 months of the commencement of the membership year ie before 31st March. Those whose membership of the Association has lapsed for a full year or more will also be classed as “new” members, and be subject to the 3 month minimum unless they have registered their absence with the BDFPA President and have thus “suspended” their membership for a specific reason, such as gap year travel etc (NC Ballot Sep 2014).**

In addition, qualification will be by achieving minimum standards as laid down by the Association in the document “British Qualifying Totals” at a divisional event. (The Championships Secretary may, under certain circumstances, exercise discretion in the application of these qualifying standards). At National Championships, the opening lifts must equal or be higher than the qualifying total, or in the case of full power, add up to the total, or higher. At WDFPF world full power competitions all opening lifts must be the single lift qualifier or higher (WDFPF congress 2016).

Lifters wishing to qualify for a British Championships must do so by lifting in a divisional championship in their own area, unless (1) the lifter is prevented by injury from complying with the above, in which case the lifter will be permitted to take part in a divisional competition in another area, subject to proof of injury being made available. (2) Other circumstances beyond the lifter's control prevent him/her from participating in his/her own divisional competition, in which case the same applies as for (1), subject to approval by the BDFPA Championship Secretary (1999 AGM). (3) other BDFPA rules apply, see the following:

OTHER CONDITIONS FOR NATIONAL QUALIFICATION - (NC Ballot June 2003)

- i. The totals of Master lifters who qualify at their divisionals in a given age group, but who will be in the next age group at the date of the British Championships, will be considered valid in the next age group. This also applies to OPEN lifters taking part in the M1 category.
- ii. Lifters who qualify in the *Unequipped* section will automatically be eligible for participation in the *Equipped* section of the Nationals – and vice versa.
- iii. Lifters may try again at another sanctioned event(s) elsewhere, without any restraints on the number of attempts allowed to qualify for National events.
- iv. If a divisional qualifying event has already taken place – new members joining as members of that division after that date may qualify at any other divisional/qualifying event, subject to all other conditions of eligibility being complied with.

- v. Where the number of members in a division (based on the previous end-of-year figures) is SEVEN or less, that division has the option to combine its divisional/qualifying championships with that of a neighbouring division. Regional events (NC Ballot Sep 14) will also assist. Where the number of members in a division (based on the previous end-of-year figures) is THREE or less, lifters in that division have the option to qualify for the British Championship at any sanctioned qualifying event. [NB (vi) and (vii) are optional. They are NOT mandatory. There is nothing to stop a division with very few members from running their own competition and taking steps to attract new members by so doing].
- vi. Lifters who are temporarily based away from their usual division of residence (more than 3 months in each year), may qualify for British Championships at divisionals in the area where they are temporarily based.
- vii. Royal Navy, Army, RAF and other Public Services championships have divisional/qualifying status.

If a Division is **unable** to hold its own Divisional Championship, members of that Division may qualify for British Championships at another Division's Championships (2003 AGM).

NB 'unable' does not mean 'unwilling'. It is expected that divisions will make every effort to run their own qualifying event during the year.

The status of qualifying event may be conferred on competitions other than divisional championships, at the discretion of the National Council (NC Ballot January 2003).

Service personnel may qualify for British Championships at any BDFPA sanctioned qualifying event (NC Ballot Aug 2004).

Lifters qualifying in their divisionals in the following age groups, but who are in the next age group at the time of the British, should be required to have reached the necessary qualification standard in the next age category: (NC Ballot Sept 2005).

ALL TEEN CATEGORIES and JUNIOR

The selection of lifters for **National Single Lift Championships**, will be based on single lift performances registered at divisional championships, but will also take into account individual lifts registered as part of a 3-lift total (subject to the necessary BDFPA single lift qualifying standards being met) (NC Ballot Nov 2003). (NB In practice this means that whereas lifters qualifying for the British Single Event Championships by taking part in a divisional Single Lift section will normally automatically receive an invite - those who want to qualify for the British Singles by virtue of lifts registered as part of 3-lift totals - must apply to the Championships Secretary for an invite. It will not be issued automatically).

All members please note:- there are NO other ways of qualifying for entry to any British Championship.

Under no circumstances will totals/lifts registered in other organisations be accepted in lieu of normal qualification at BDFPA events.

Members should also note that there is no provision under the rules for performances done in WDFPF international events to count as qualifiers for the following British Championships.

***** N.B. Participation in any BDFPA sanctioned National event is strictly by qualification.**

INTERNATIONAL - current BDFPA membership (as per conditions for National competition). **Lifters must participate in the British Championship in order to be invited to take part in any WDFPF international event** (NC Ballot Sept 2005).

Normally, class winners from national championships will automatically be invited as members of an international team representing their country at World, European or other WDFPF Championships in their events - and in their relevant age & bodyweight classifications. At the discretion of the Championships Secretary, other lifters, including national finalists, may also be invited to be members of the international team - either as second and/or third entries in certain categories, or if class winners are unavailable for the event concerned.

In exceptional cases, lifters wishing to qualify for a WDFPF international event, who are unable for genuine reasons, to attend the qualifying British Championship event, may apply in writing** for an invitation to compete as a member of their national team. Permission to be granted subject to:

- i. A bona fide reason being accepted for the lifter's inability to qualify at the relevant scheduled BDFPA British Championships event.*
- ii. The lifter having attained the WDFPF qualifying standard at some other time during the year.*
- iii. The invitation complying with WDFPF rules of team composition and that priority for team places is given in all cases to lifters who have attended the relevant British Championships event.*
- iv. All normal conditions of membership being complied with.

** In writing to the President and Championships Secretary, who will put the matter for consideration to a 'Qualification Panel' (NC Ballot Sept 2005).

BDFPA members in **Scotland, Wales** or **N. Ireland** should contact their Divisional representative for details under the home counties policy. Rules pertaining to eligibility, membership, and qualifying standards apply equally to 'home countries' lifters as to lifters in England.

***** NB Participation in any WDFPF sanctioned international event is strictly by qualification and invitation.**

Members who do not receive a formal invitation to lift in national or international events, but who believe that they may be so entitled - can apply for consideration to the Championships Secretary.

REFEREES

The BDFPA recognises the following grades of referees:

a. DIVISIONAL REFEREE (Minimum age 18 years)

Upon successfully passing the written examination (min. pass mark 80%).

b. NATIONAL REFEREE

On recommendation of the relevant Divisional Secretary, or a member of the BDFPA Executive Committee - and having officiated to a satisfactory standard in a minimum of three events (as Centre Referee).

c. WDFPF INTERNATIONAL REFEREE

On recommendation of the Technical Secretary, and on successfully completing all assessments under WDFPF international rules.

1. All matters relating to the recruitment, training and assessment of referees in the BDFPA are in the first instance the responsibility of the BDFPA Technical Secretary, who will maintain a register of divisional, national and international referees in the Association, and award status to those successfully attaining recognised referee status.
2. The Technical Secretary is responsible to the National Council for all matters concerning the provision of training, standards of adjudication, and conduct of referees.
3. Referees who remain inactive for more than one year may have their status annulled. Those who have not officiated at an International level after 2 years will revert back to national status and have to re-sit the WDFPF exam.
4. The Association may accord equivalent referee status to referees from other approved organisations, subject to review at the National Council's discretion (NC Ballot - July 2002).

Minimum Referees required to adjudicate at sanctioned events

DIVISIONAL Championships (including special events such as memorials and 4 Nations) - Minimum 1 divisional referee. There need only be One divisional level referee in order to set a divisional record.

NATIONAL - Three referees, of whom at least ONE must be a fully qualified National Referee. The centre referee must at all times be of National grade or above. For setting records see Book 2, General Conditions para 6.

INTERNATIONAL - Three fully qualified WDFPF International Referees. This also applies where international records are broken at national events.

Written Examinations

1. All candidates must be current members in good standing of the Association.
2. Examinations may be invigilated by the Technical Secretary, other National Council members, divisional officials, or other persons approved beforehand by the Technical Secretary.
3. Unless on an organised course, candidates must make their own arrangements as regards the date, time and venue for the examination, and for any costs to be incurred.
4. At the end of the allotted time for an examination, all papers must be placed by the invigilator in a sealed envelope, and sent directly to the Technical Secretary for marking. An examination fee of £10 must be sent to the Technical Secretary in respect of each completed examination paper.

COMPETITION PERMITS

1. For any competition to be recognised by the BDFPA, it must be sanctioned by the Association. This refers to events of any kind, including all championships, matches, leagues and demonstrations. Such sanctions are secured by applying for, and obtaining, an official permit from the **Permit** Secretary. The permit will normally be accompanied by various essential competition forms (see 'guidelines for promoters'). (NB Bids to organise British or WDFPF International Championships do not require a permit, but must be approved by a majority vote of the BDFPA National Council).
2. It must be clearly understood that no records may be claimed, or qualifying lifts or totals accepted, from events which have not been previously sanctioned by the issue of a championships permit in the manner described.

PROMOTERS' TERMS OF REFERENCE

Sanctioned BDFPA or international competitions may be organised under the following distinct terms of reference:

1. By the Association, or one of its Divisions or clubs etc, as a joint voluntary undertaking. A Championship Director may be appointed to oversee the planning and organisation of an event, though this is not mandatory.

In all such cases, the financial consequences of promotion will be borne entirely by the body concerned. That is: any profit after legitimate and agreed expenses have been met, will be for the benefit of the BDFPA (or one of its Divisions or Clubs etc, as appropriate). Similarly, the organising body will underwrite any losses incurred as a result of the promotion.

2. By an individual professional promoter(s) on the Association's behalf, having applied for, and been awarded, an official sanction by the BDFPA **Permit** Secretary. Where a private promoter applies to organise an international championship, a sanction must be applied for from the international governing body (WDFPF) - approval for the bid having first been obtained from the BDFPA Executive Council.

In such cases, expenses incurred in organisation will be borne by the private promoter, who will be entitled to any profits after statutory and other expenses have been met. Similarly, the private promoter will underwrite any losses incurred as a result of the promotion.

3. These terms will not be affected in any way by virtue of any voluntary donations, unless such arrangements are agreed and declared in advance.
4. Sponsorship may be sought for specific events, either by governing body or private promoters. However, no conditions should be accepted from sponsoring companies which might serve to undermine the integrity of the Association. (Example: sponsorship should not be accepted from a company retailing nutritional supplements if such sponsorship is conditional on the display and sale at the championship venue of products containing a banned substance).
5. The terms of reference of promotion of an event (see 1 & 2 above) must be clearly stated, understood and agreed - before a sanction or permit may be granted.

BDFPA NATIONAL COACHING SCHEME

The Association seeks to encourage safe and effective participation in competitive powerlifting, as well as weight training. Accordingly the BDFPA provides courses and training related to the development of strength and power based sports activities. Current legislation requires the use of external training providers in order to facilitate related training. On completion of specifically registered courses individuals will be annotated as coaching staff within the BDFPA scheme as indicated below:

BDFPA Grade	Course Type or title (must hold one or more of those indicated)	Remarks

It is expected that holders of the above qualifications will be actively involved in coaching, to the benefit of the Association and its members. Holders who remain inactive without explanation for prolonged periods of time may be removed from the Association's register of coaches. Similarly, any member of the BDFPA coaching staff propounding practices or policies which are in conflict with those of the Association, or who have engaged in conduct considered damaging to the Association, may be removed from the coaching register.

All holders of BDFPA coaching awards must be current members of the Association in order for their qualifications to be valid.

MASTERS' FORMULA

The formula is: $(LT) \times (SBC) \times (MAM) = (PN)$

LT = Lifter's Total

SBC = Schwartz Bodyweight Co-Efficient*

MAM = Masters Age Multiply [see opposite]

PN = Product Number

*For women, use Malone Bodyweight Co-Efficient (MBC)

EXAMPLES:

Lifter A (67.5kg class) - weighing 66.8 - age 64 - totals 380
 Lifter B (82.5kg class) - weighing 81.3 - age 56 - totals 522.5
 Lifter C (90kg class) - weighing 88.7 - age 48 - totals 605
 Lifter D (100kg class) - weighing 99.4 - age 50 - totals 677.5
 Lifter E (110kg class) - weighing 108.2 - age 42 - totals 765

	LT		SBC		MAM		PN
Lifter A	380	x	.7327	x	1.501	=	417.917
Lifter B	522.5	x	.6257	x	1.273	=	416.180
Lifter C	605	x	.5905	x	1.114	=	379.979
Lifter D	677.5	x	.5555	x	1.150	=	432.804
Lifter E	765	x	.5388	x	1.014	=	417.953

*It can be seen that lifter D has the highest product number and is the "Best Lifter".

SCHWARTZ FORMULA TABLES IN KILOGRAMS (MEN)

The Schwartz formula (SF)* is presented as a table of co-efficients. Each lifter has a co-efficient determined by body weight (BW). Since the table is graduated in one-tenth kilogram intervals, it may be necessary to interpolate. For example, the co-efficient for lifters with body weights 74.5 and 74.6 are 0.6680 and 0.6673 from the table. Thus for a lifter with a body weight of 74.55 the co-efficient is interpolated as 0.66765.

1. To determine the "Best Lifter" multiply each lifters co-efficient by his total. The resulting factor is his Schwartz Formula total (SFT). The lifter with the highest SFT is considered the "Best Lifter".
2. To determine the winner in a contest between teams of unequal body weights: Determine the SFT for each member of each team. The team with the highest average SFT is the winner.
3. To determine the "Champion of Champions", calculate the SF on the winner of each weight class. The weight class winner with the highest SF is the "Champion of Champions".
